Choose a plan:

- Automatic Renewal Plan** – Adams Avenue Parkway will automatically charge your credit card whenever your balance gets down to \$10. (Your credit card will be charged for the same “Payment Amount” that you paid when you set up your account.)
- Cash Prepaid Plan** – When your balance gets low, you may add money to your account by dropping off a check at the tollbooth—be sure to have your check ready before you get to the tollbooth, so that you do not hold up traffic. (The computer tells you your balance each time your ExpressCard or window decal is scanned.)

Note: You receive a 10% bonus with each payment of \$10 or more. For example, if you pay \$30, your balance is increased by a total of \$33 (\$30 + 10%).
